

GRAIN PRIVILEGES

Money In Wheat

Pots and coils are the safest and easiest method of trading in wheat, corn or oats. Because your line is absolutely liquid to the amount bought. No further risk. Positively the most profitable way of trading.

Open an account. You can buy 10 pots or 10 coils on 10,000 bushels grain for \$10, or you can buy half \$50, or as many more as you like. An advance of decline of 1 cent will give you the chance to make 100 per cent profit on investment off 10 cents.

IN TEXAS GRANARIES

McKinney, Tex., Apr. 13.—There were 48,960,000 bushels of corn on Texas farms on March 1st, according to the returns of a recent canvass made by crop correspondents of the United States Department of Agriculture, made public here today. Compared with last year, this is a decrease of 3,162,000 bushels, or 6 per cent less than the stocks on hand were March 1, 1913.

The farmers of Texas last year purchased 30,000,000 bushels of corn from outside the state, and present indications are that the 1914 crop of imports will exceed this amount by several million bushels. Some of the product is being shipped from Argentina, South America, as the recently enacted tariff laws permits this cereal to enter the ports of the United States duty-free, yet the principal supply of the imported grain of Texas is coming from the original sources—Kansas, Oklahoma, Iowa, Louisiana and Missouri.

While 80 per cent of the corn raised by Texas farmers is merchantable it is largely consumed on the farms where produced; there being only 6 per cent of the crop shipped out of county where grown. Texas corn on March 1st, this year, was netting producers 17 cents, compared with 20 cents per bushel on the same date last year.

Do Your Buick Buying Early

The Buick Motor Company has built, sold and delivered 22,000 cars so far this season. The total production for the 1914 season will be 32,000 cars.

This leaves only 10,000 cars for distribution during the spring and early summer, the active season among motor car buyers. Those 22,000 cars—two-thirds of the factory output for the year—were sold during what is admittedly the dull season.

Don't Be Wild, Girls

Wildness is a thing which girls cannot afford. Delicacy is a thing which cannot be lost or found. No art can restore the grape its bloom. Familiarity without confidence, without regard, is destructive to all that makes woman exalted and ennobled. It is the first duty of a woman to be a lady. Good breeding is common sense. Bad manners in a woman is immorality. Awkwardness may be irreparable; bashfulness is constitutional. Ignorance of etiquette is the result of circumstances. All may be condemned and not blamed, men and women from the amenities of their surroundings.

There never has been a time when there has been such virility in business as now. It is hardware against hardware, books against book, chandlery against chandlery, imported articles against imported articles—a thousand stores combat with another thousand stores. Never such advantage of light, never such variety of assortment, never so much splendor of show window, never so much splendor of show windows, never so much adroitness of salesmen, never so much astuteness of advertising; and amid all these severities of rivalry in business, how many men break down!
